

## PUNAHOU WIN POPULAR VICTORY

(From Sunday's Advertiser.)

It took ten innings to decide the Punahou-Diamond Head game yesterday, the second game at the league grounds, although the game was the Diamond Heads' from the third inning, by every canon of the game except the one that holds that the game is never lost until it is finished.

There was a fine crowd at the games yesterday, and there was plenty of enthusiasm and cheering. The bleachers, and in fact the whole grandstand, was overflowing with advice to the players and opinions of the game. In short, it was real baseball, both on the diamond and off, and to the man who played ball when he was a boy, it was a renewing of youth like the eagle's.

Both games were good—except in spots. Both victories were popular ones, for they gave hope a longer lease of life. The Kamehamehas won from St. Louis by the score of six to four.

If Kamehameha and Punahou win again next Saturday three teams will be tied for first place. The loss of a game then will be the Avernian descent to any team that loses.

For the first time this season, it is said, the crowd was with the Punahous. And when in the eighth inning they made a run that tied the game and in the tenth piled up three runs to the good after having been in the ruck nearly the whole time, the enthusiasm knew no bounds.

In the first game, that between the Kamehamehas and the St. Louis teams, it was the sixth inning that decided the game. Up to that time it had been two to one in favor of the Kamehamehas, and that is what it ought to have been at the end. For the Kamehamehas, Kamalopili went to bat. He is a youngster whose chief recommendation is that he is a willing performer. The crowd, with the memory of the brilliant hit he made in a previous game, cheered and shouted at him until an older player might have had stage fright. Kamalopili bunted this time and made first, and second too, on a bad throw of the catcher. Soares, a first, and made third and scored on Lemon's safe hit to center. The crowd shouted itself hoarse. Lemon played too far off first and was caught out there by a quick throw by Bushnell to Gleason. Miller was out trying to run on a short hit to first. There had been one run scored, two men were out, there was no one on the bases, and that ought to have been all there was to the inning. But there was a run-fest after that. Three runs were made with two out. What do you think of that?

This is the way it was done. Jones got to first. Bill Vannatta surprised himself and everybody else by making a beautiful two-bagger between left and center. Then Lota hit for a home run to extreme center and, of course, brought Jones and Vannatta in. For the rest of this half of the inning, Kuhlina made a base hit over second, but Plunkett went out on a fly to Lota. These four runs, with the two they made in the third inning, made the six with which the Kamehamehas won the game.

In their half of the same inning the St. Louis team made three runs, and it looked for a time as though they might even up the score or win the game. Bushnell took first on balls, and second and third on Aylett's single to right field and came home on Reuter's overthrow to first made to catch Aylett off the base. Aylett made second on this overthrow and third on a passed ball coming home on Lota's fly to center, when center field failed to catch it. Lota stole second, went to third on Bruns' sacrifice hit, and came home on Vannatta's failure to gather in Gleason's fly. Lota struck out. Bruns went out on a sacrifice hit. Gleason was forced out at second.

From this inning to the end of the game it was but a succession of goose-eggs on both sides.

In the Punahou-Diamond Head game each side made a run in the first inning. Nothing happened then until the third, when four runs for the Diamond Heads happened. Oimos went out from second to first. Fernandez was given first on balls, and then when nobody was looking stole second. The steal could not have been made easier, for when Eddie Desha turned to throw the ball to second to catch Fernandez, neither second nor short was within thirty feet of the bag. Fernandez made third on a passed ball and scored on Leslie's single to right field. Darcy also scored on this hit, he having gone to first because hit by the pitcher, to second on the passed ball. Davis struck out. Leslie made his single to right and scored on Soper's long hit to center, this hit also bringing in Sam Chillingworth, who had made a single, and got the rest of the way around on Soper's hit.

Punahou made a rally in the sixth, and for a time it looked like the whirlwind of runs the Diamond Heads had piled up in the third would be duplicated by their opponents in this inning. Eddie Desha got first on W. Chillingworth's error. He stole second, and went to third and home on D. Desha's two base hit. D. Desha after saving himself at second by a spectacular slide after playing off toward third, made third, and came home on Kia's hit to center. King batted in the direction of third. Soper threw to second to put D. Desha out and King got safely to first, to third on Kia's single and scored on the play which put McCriston out, second to first. Williams flew out to W. Chillingworth, and Ulukou flew out to left field. In the eighth Punahou made one run tying the score, but ought to have made more. D. Desha made a two base hit, his second in the game, and scored on King's single

which followed. King made a long hit between left and center. Jonah and Oimos both ran for it and ran in to each other, losing the ball and knocking Jonah out for several minutes. King got safely to second but was put out there on a fool play of his own, when Kia batted to shortstop, who pretended to throw to first but instead threw to second and caught King napping. Kia also was caught off second without any excuse. Williams went out at first, and the side was retired to the disgust and dismay of the crowd which felt that splendid chances had been thrown away. The one run made in this inning, however, tied the score, 5 to 5, and in the tenth Punahou did some beautiful playing and batted out three runs.

Eddie Desha batted a single over second base and made second on Oimos' bad handling of the ball. D. Desha flew out to Jonah in left field. King batted the ball toward shortstop who threw to third to catch Eddie Desha. But Desha made third safely. King stole second and he and E. Desha were brought home by Kia's two base hit between left and center. Kia stole third and came home on an overthrow from catcher to third. Williams struck out and McCriston went out from shortstop to first. The Diamond Heads did nothing from the third inning, and were defeated by the score of 5 to 5.

Desha singled, stole second and went out between second and third by Darcy assisted by Soper. E. Desha got to first on a fielding error, stole second in one of the prettiest plays that has been seen on this diamond in a long while. While Soper and Darcy had J. Desha between them, between second and third, Eddie Desha stole up from first to second, and the instant J. Desha was out slid into second. D. Desha retired the side with a fly to Jonah. The inning was pretty nearly all Desha playing and it was highly exciting even if it did not result in any runs.

Oimos got to first safely, but in playing off the base McCriston with a pretty throw to King, caught him out. Fernandez was given his base on balls, stole second and third and scored on Davis hit. Darcy walked to first, stole second and was out at the home plate. Davis made a base hit and got to second on the play. Leslie fouled out to third.

He was out at second, but he fessed so as to prevent a double play and thus enabled Ulukou to get to first. Hampton batted to right field and S. Chillingworth made a duplicate of the play that Evers had made in the other game, making a running leap and catching the ball with his left hand. J. Desha went out at first.

## JIMMY BURNS TO FIGHT GANS

LOS ANGELES, July 21.—Manager Tom McCarey of the Pacific Athletic Club, announced tonight that he had practically matched Joe Gans, the lightweight champion of the world, with Jimmy Burns to fight 20 rounds for a purse of \$10,000.

Gans is to receive for his share of the purse \$8000, win, lose or draw. The remaining \$2000 goes to Burns. The weight will be 133 pounds at probably three o'clock in the afternoon and Jim Jeffries is to referee.

It took a half dozen telegrams from San Francisco and a long conference between McCarey and Burns before the latter would give in after Harry Leap, McCarey's San Francisco representative, had wired that Gans' ultimatum was \$5000.

After Burns had accepted, McCarey wired for Gans or his manager to come south at once that the details of the battle may be definitely settled. McCarey says that he will hold out for a later date than August 15th, as he wants longer time in which to advertise the bout.

Tommy Burns left with his younger brother Eddie on the Owl last night for San Francisco. He will return here and look after the interests of his protegee when the latter starts to work for his fight with Gans.

The match on paper appears to be one of the best cards in the lightweight division. Burns, who is at his best and still coming in very ambitious to fight for the title. It was this fact alone that caused him to accept such one-sided articles. He thinks that he has a chance with the colored wonder and will start training immediately.

In reference to the above dispatch from Los Angeles, Ben Selig, manager of Gans said: "The terms mentioned are correct, with the exception of one or two items which I will arrange with Burns and McCarey. The weight has been left to me to decide and I want it to be 1
